

## **ENVIRONMENTAL POLICY**

Active Hire Service is committed to ensuring its business activities are undertaken and managed in such a way that environmental impact is minimised and to comply with relevant Acts and Regulations administered by the Environmental Protection Authority.

Active Hire Service recognise its responsibility both locally and globally, to the present and succeeding generations. Commitment is given to waste avoidance, waste reduction, re-use and recycling.

Employees, contractors and customers are provided with information to promote awareness and are encouraged to consider the environmental impact of their undertakings.

Active Hire Service continues to grow on the basis of ethical behaviour, safe operations, community concern, and environmental protection and preservation with continual improvement and progress in these areas.

Where ever practicable the Company will regularly monitor and review its acquisitions of materials and its disposal of wastes with preference given to items produced in such ways which cause least harm to the environment, and which generate fewest waste materials.

This policy will be implemented through the Company's Safety Management System and will be regularly reviewed in light of legislation and company changes.
